Travel Expense Reimbursement Policy

Version 3.2 | Effective Date: January 1, 2025

1. Purpose and Scope

This policy establishes the principles and procedures for reimbursing employees for expenses incurred during authorized business travel. All employees traveling on company business must comply with this policy. Detailed reimbursement limits by job level and region are specified in the companion document

"Reimbursement_Standard.xlsx"

2. General Principles

- All business travel must be pre-approved through the company's travel authorization system.
- Expenses must be reasonable, necessary, and directly related to official business purposes.
- Employees are expected to exercise the same care in incurring travel expenses as they would with personal funds.
- Any expense exceeding the applicable standard limit requires written justification and VP-level approval.
- Personal expenses incurred during business travel are not reimbursable.

3. Eligible Expense Categories

The following categories of expenses are eligible for reimbursement when properly documented:

- **Transportation:** Airfare, train tickets, and local transportation (taxi, ride-hailing, public transit) for business purposes.
- **Accommodation:** Hotel expenses for the duration of the business trip, within prescribed limits.
- **Meals:** Reasonable meal expenses during travel days, subject to daily caps.
- **Other:** Miscellaneous business-related expenses approved in advance.

4. Documentation Requirements

- Original receipts or invoices must be provided for all expenses.
- Electronic receipts are acceptable if they contain all required details (date, amount, merchant, itemization).
- Missing receipts require a signed affidavit and manager approval; reimbursement may be limited to 80% of claimed amount.
- All receipts must be submitted within 10 business days of return from travel.

5. Reimbursement Limits and Excess Handling

Reimbursement amounts are capped based on the employee's job level and the travel destination region. For specific numerical limits, refer to the **Reimbursement_Standard_enterprise.xlsx** file.

- Expenses within the standard limits will be reimbursed in full upon submission of valid receipts.
- Expenses exceeding the applicable limit will only be reimbursed up to the limit unless prior approval was obtained.
- The portion exceeding the limit without approval is the personal responsibility of the employee.

6. Non-Reimbursable Items

- Alcoholic beverages (unless part of a business meal with prior approval).
- Personal entertainment, gym fees, spa services, and minibar charges.
- Travel insurance upgrades, seat upgrades, and baggage fees for personal items.
- Fines, penalties, and traffic violations.
- Expenses for accompanying family members or companions.

7. Submission and Approval Process

- Employees must complete the expense report form and attach all supporting documents.
- Direct managers review and approve expense reports within 5 business days.
- Finance Department processes approved reimbursements within 10 business days.
- Any disputed claims are escalated to the HR and Finance Directors for resolution.

8. Policy Compliance

Violations of this policy, including submission of fraudulent claims or repeated non-compliance with limits, may result in disciplinary action up to and including termination of employment. The Finance Department reserves the right to audit any travel expense claim.
