

Approval Notification for Travel Expense Reimbursement Related to the "Smart City Data Infrastructure Assessment" Project On-Site Survey in Washington, D.C.

In accordance with Article 9 of the *Administrative Measures for Project Travel and Expense Reimbursement*, the review results of the travel expense reimbursement application submitted by project team members are hereby notified as follows:

I. **Matter Under Review:** Travel expense reimbursement for project team members arising from the execution of on-site survey work in Washington, D.C. for the "Smart City Data Infrastructure Assessment" project.

II. **Personnel Involved:** * Zhang Ming (Project Lead) * Li Hua (Core Engineer) * Wang Wei (Core Engineer)

III. **Period of Expense Incurrence:** March 10, 2024 to March 14, 2024.

IV. **Location of Expense Incurrence:** Washington, D.C., United States.

V. **Expense Categories:** Local transportation expenses, meal expenses, and other necessary travel expenses incurred during the project on-site survey work.

VI. Basis for Review: 1. The *Notice on Commencing the On-Site Survey Work in Washington, D.C. for the "Smart City Data Infrastructure Assessment" Project*, issued by the Project Management Department on March 5, 2024, which confirms the necessity of this business trip and the personnel arrangements. 2. The approved *Client On-Site Survey Itinerary and Budget Breakdown*, which confirms that the timing, location, and work content of the expenses are fully consistent. 3. Supporting materials provided by the reimbursement applicants, including work logs and meeting minutes, which verify that the relevant expenses were genuinely incurred in connection with project activities.

VII. Review Conclusion:

Upon verification, all expenses in this reimbursement application were incurred within the project survey period (March 10 to March 14, 2024), at the location of Washington, D.C., United States, fully consistent with the information stated in the project notification and itinerary plan. The types of receipts submitted (ride-hailing electronic trip receipts, meal invoices, etc.) comply with the company's accepted receipt types for reimbursement. The purposes of the expenses are all directly related to the on-site survey work of the "Smart City Data Infrastructure Assessment" project and fall within the reimbursable scope as defined by the *Administrative Measures for Project Travel and Expense Reimbursement*.

Review Result: Approved.

VIII. Subsequent Process:

Following this approval, the above reimbursement materials, together with this notification, will be submitted to the Finance Department for re-review. The Finance Department will conduct a final review of receipt compliance, calculation accuracy, and policy conformity. Upon passing the re-review, reimbursement payments will be arranged according to the company's payment cycle.

This notification is hereby issued.

Project Management Department Department Head: Chen Jianguo
