

Notice on Business Negotiation with Strategic Partners in Washington, D.C.

Boyuan Technology Group Document Boyuan Technology [2025] No. 137

To all departments:

To advance the strategic partnership between our company and Vertex Data Systems, the company's management has decided to dispatch a business negotiation team to Washington, D.C., United States, from October 9, 2025, to October 12, 2025, to conduct face-to-face consultations with our partner on core topics including the next-phase strategic cooperation framework, technical integration solutions, and market synergy plans. The relevant matters are hereby notified as follows:

I. Travel Personnel

This business trip will be led by Chen Zhiyuan, General Manager of the Marketing Department, accompanied by Liu Sihan, Manager of the Technical R&D Department, and Wang Jianguo, Manager of the Business Cooperation Department, totaling three persons.

II. Travel Time and Location

Travel Time: October 9, 2025 (Thursday) to October 12, 2025 (Sunday), totaling four days.

Travel Location: Washington, D.C., United States

III. Work Items

The main work contents of this business trip include:

- (1) Conducting article-by-article consultations on the formal text of the Strategic Cooperation Agreement with the management and technical teams of Vertex Data Systems;
- (2) Conducting specialized discussions on technical details such as technical integration solutions and data interoperability standards;
- (3) Conducting feasibility demonstrations on the North American market synergy promotion plan;
- (4) Engaging in informal communication with the partner's core team to enhance mutual trust and consolidate the foundation of cooperation.

IV. Itinerary Overview

From October 9 to October 12, the negotiation team will hold formal meetings with the partner each morning. During lunchtime, both parties will arrange their own lunches and continue informal business exchanges. In the afternoon, thematic discussions or summaries will be conducted according to the agenda. For detailed schedule arrangements, please refer to the subsequent work plan document.

V. Expense Explanation

Transportation, accommodation, meals, and other expenses related to this business trip shall be reimbursed uniformly by the company in accordance with the travel reimbursement management regulations. During the business trip, daily lunches will be shared by team members with partner representatives, which shall be of a business entertainment nature. Relevant expenses shall be reimbursed according to actual costs based on the company's business entertainment reimbursement regulations.

VI. Approval Status

This business trip has been approved by Zhao Wenbo, Vice President in charge of the company (Approval No.: AP-2025-1009-001). The Finance Department and relevant departments are requested to provide cooperation.

Hereby notified.

Washington, D.C. Strategic Partnership Negotiation Work Plan and Schedule

Document No.: MP-2025-WDC-003 Prepared by: Marketing Department Preparation Date: September 28, 2025

I. Project Background

Since signing the Strategic Cooperation Letter of Intent in 2024, Boyuan Technology Group and Vertex Data Systems have achieved preliminary cooperation results in areas such as data platform interconnection and joint solution development. To further deepen cooperation and clarify the roadmap for the next phase, both parties have agreed to hold face-to-face business negotiation meetings in Washington, D.C. in October 2025. Over four days of intensive consultations, core topics including the formal text of the Strategic Cooperation Agreement, technical integration solutions, and market synergy promotion will be discussed.

II. Negotiation Objectives

- (1) Conduct article-by-article consultations on the formal text of the Strategic Cooperation Agreement to produce a final draft mutually recognized by both parties;
- (2) Determine the implementation path, timeline, and division of responsibilities for the technical integration solution;
- (3) Discuss the feasibility and resource allocation of the North America joint promotion plan;

(4) Establish regular communication mechanisms and issue coordination procedures to ensure smooth cooperation.

III. Participants

Our Participants:

1. Chen Zhiyuan — General Manager, Marketing Department
2. Liu Sihan — Manager, Technical R&D Department
3. Wang Jianguo — Manager, Business Cooperation Department

Partner Participants (Vertex Data Systems):

1. John Mitchell — Vice President, Business Development
2. Sarah Thompson — Director, Technical Partnerships
3. David Chen — Senior Project Manager
4. Emily Rodriguez — Business Operations Manager
