

Procurement and Reimbursement Management Regulations for Office Equipment and Low-Value Consumables

Document No.: FM-2025-012 Version: V2.1 Effective Date: January 1, 2025 Prepared by: Administration
Department

Chapter I General Provisions

Article 1 These regulations are formulated to strengthen the procurement management of office equipment and low-value consumables, standardize reimbursement procedures, control administrative costs, and improve asset utilization efficiency.

Article 2 For the purposes of these regulations, "office equipment" refers to office fixed assets with relatively high unit value and a service life exceeding one year, including but not limited to: computers, printers, projectors, and office furniture. "Low-value consumables" refer to office supplies with relatively low unit value and rapid consumption, including but not limited to: paper, ink cartridges, folders, pens, and whiteboard consumables.

Article 3 These regulations apply to the procurement and reimbursement of office equipment and low-value consumables at the company headquarters and all branch offices.

Chapter II Procurement Scope and Classification

Article 4 Office equipment procurement shall be subject to an annual budget management system. Each department shall prepare its procurement requirements plan for the following year in the fourth quarter of each year. After review by the department head, the plan shall be submitted to the Administration Department for consolidation. The Administration Department shall compile the company's annual office equipment procurement budget, which shall be executed upon approval by management.

Article 5 Low-value consumables procurement shall be subject to a quarterly requisition system. The Administration Department shall procure low-value consumables centrally each quarter, and each department

shall request supplies as needed. Emergency requirements may be submitted as temporary procurement applications by the requesting department and executed upon approval by the Administration Department.

Article 6 Office equipment and low-value consumables shall be classified and managed according to the following standards:

Category	Examples	Management Method	Service Life
Electronic Equipment	Desktop computers, laptops, monitors, printers, scanners, projectors	Fixed asset registration, numbered management	3–5 years
Office Furniture	Office desks, office chairs, filing cabinets, conference tables	Fixed asset registration, numbered management	5–8 years
Communication Equipment	Telephones, walkie-talkies, routers, switches	Fixed asset registration, numbered management	3–5 years
High-Value Consumables	Hard drives, memory modules, toner cartridges, ink cartridges	Low-value asset management, requisition registration	1–2 years
General Consumables	Printing paper, folders, pens, whiteboard markers, sticky notes	Consumables management, requisition registration	Consumables
Cleaning Supplies	Trash bags, cleaning agents, paper towels, hand sanitizer	Consumables management, requisition registration	Consumables

Chapter III Procurement Approval Process

Article 7 The office equipment procurement approval process is as follows:

- (1) The requesting department shall complete the "Office Equipment Procurement Application Form," indicating the equipment name, specifications, quantity, purpose, and budget amount;
- (2) The department head shall review and sign to confirm;
- (3) The Administration Department shall review inventory and budget status and provide review comments;
- (4) Approval shall be granted at different levels according to the procurement amount: for amounts below a certain threshold, the Administration Department head shall approve; for amounts exceeding the threshold, approval shall be submitted to the Vice President in charge;
- (5) Upon approval, the Procurement Department shall execute the procurement.

Article 8 Low-value consumables procurement shall be executed centrally by the Administration Department based on the quarterly requirements consolidated from all departments. No separate approval is

required from individual departments.

Chapter IV Reimbursement Process and Requirements

Article 9 The office equipment procurement reimbursement process is as follows:

- (1) After procurement is completed, the handling officer shall submit the procurement invoice, procurement approval form, equipment acceptance form, and other materials for reimbursement;
- (2) The handling officer shall complete the reimbursement application form, attach all relevant receipts and supporting documents, and submit to the department head for review;
- (3) After the department head's review and approval, the application shall be submitted to the Finance Department for re-review;
- (4) The Finance Department shall review the compliance of receipts, accuracy of amounts, and completeness of the approval process before processing payment.

Article 10 Low-value consumables procurement reimbursement shall be handled centrally by the Administration Department. The procurement invoice and item receipt list shall be attached at the time of reimbursement.

Article 11 Reimbursement applications shall be submitted within fifteen working days after procurement is completed.

Chapter V Receipt Requirements

Article 12 The following receipts shall be provided for procurement reimbursement:

- (1) Official invoices issued by the supplier, which shall include the product name, specifications, quantity, unit price, and amount;
- (2) Procurement approval form (required for office equipment);
- (3) Equipment acceptance form or item receipt form;
- (4) Procurement contract or purchase order (required for large individual amounts).

Article 13 Reimbursement shall not be granted in the following circumstances:

- (1) Unauthorized procurement without approval;
- (2) Receipt information inconsistent with actual procurement contents;

- (3) Items not inspected or receipt-registered;
- (4) Use of handwritten receipts or unofficial vouchers.

Chapter VI Asset Registration and Management

Article 14 Upon completion of office equipment procurement, the Administration Department shall promptly process fixed asset registration, affix asset labels, and enter the information into the asset management system. The equipment user department shall be responsible for daily maintenance and safekeeping.

Article 15 The transfer, retirement, and disposal of office equipment shall be executed in accordance with the company's fixed asset management regulations.

Article 16 After low-value consumables are received into inventory, they shall be kept by the Administration Department. Each department shall collect items with a requisition slip, and the Administration Department shall maintain requisition records.

Chapter VII Supplementary Provisions

Article 17 These regulations shall be interpreted and revised by the Administration Department.

Article 18 These regulations shall take effect from the date of issuance.
