

2020 Project Material Requisition Form

Form No.: MENA-2020-08-012

Requesting Department: Overseas Project Expansion Team

Date of Request: August 15, 2020

Related Project: 2020 Cairo Business Seminar

I. Requisition Content

To support the business exchange activities to be held in Cairo in September, the following materials are hereby requested for allocation and procurement:

- Ceremonial reception materials: Table flags, logos, and brochures for venue decoration.
- Logistics and cleaning materials: Considering the basic sanitary conditions of the meeting venue, it is necessary to procure some industrial-grade mops, heavy-duty stain removers, and disposable cleaning gloves.
- Personnel consumables: Drinking water and basic office supplies for participants.

II. Requisition Justification

According to on-site inspection, the temporarily leased venue in Cairo was not in ideal sanitary condition upon handover. To safeguard brand image, deep cleaning must be performed before the event begins. In addition, to reflect the company's emphasis on this event, unified visual identity materials need to be provided.

III. Approval Flow by Rank

- Applicant: General Staff (Materials Team)
- Preliminary Review: Manager (Operations Department)
- Final Approval: VP (Overseas Business Division)

IV. Remarks

All procurement expenditures will be recorded in the 2020 marketing expense details; related reimbursements must be accompanied by complete original vouchers.
