III. Reimbursement Voucher Archiving Status

All voucher materials for the reimbursement of the above five batches (including approval forms, work plans, original invoices, reimbursement documents, etc.) have been organized and archived by the Finance Department. The archive numbers are FA-2011-EXT-001 to FA-2011-EXT-010, and they are stored in

Cabinet 3, Area A of the Financial Archives Room. Relevant departments may consult them in accordance with archive management regulations.

IV. Related Matters Explanation

1. The expense reimbursement for each batch was strictly executed in accordance with our institute's "Travel and Business Entertainment Expense Reimbursement Management System" (POL-FIN-2011-003). The invoice types, expense categories, and approval processes all comply with system requirements;
2. All accommodation expenses include reasonable incidental consumption within the hotel (such as dining, parking, etc.), which are calculated and reimbursed together as required by the system;
3. The 2011 external expert visit expenses have all been included in the final accounts of the corresponding project funds, and relevant financial data has been synchronized and updated to the project management system;
4. Each batch of reimbursement materials is accompanied by approved work plans, expert invitation approval forms, and compliant invoices, and the proof materials are complete and authentic.

V. Follow-up Work Reminders

1. The 2012 external expert visit plan has been completed by the Research Project Management Department. All departments should prepare budget preparation and reception arrangements in advance;
2. The expense reimbursement for 2012 will continue to be executed under POL-FIN-2011-003; any revisions will be notified separately;
3. All departments should refer to the successful experience of 2011 when arranging 2012 expert visits to ensure standardized and orderly reception work.
