Travel and Entertainment Expense Management Policy

Document No.: TBG-FIN-POL-003 | **Version:** V3.1 | **Effective Date:** January 1, 2025 |
Prepared by: Finance Department

Chapter I General Provisions

Article 1

This Policy is established to standardize the management and reimbursement of travel and entertainment expenses, ensuring the rationality, authenticity, and compliance of all expenditures. It is formulated in accordance with the Company's Financial Management Regulations.

Article 2

This Policy applies to all regular employees, interns, and approved external collaborators of TechBridge Global Limited and its branch offices.

Article 3

The management of travel and entertainment expenses follows the principle of "pre-approval, in-process control, and post-event reimbursement." All expenditures must have a clear business purpose and be subject to appropriate approval.

Chapter II Expense Definitions and Scope

Article 4

Travel expenses refer to costs incurred by employees when traveling away from their regular workplace for official business purposes, including transportation, accommodation, meals, and necessary communication expenses. Specifically, these include:

- a. **Transportation Expenses:** Public transportation (subway, bus, ferry), taxi, ride-hailing services, and approved self-drive vehicle expenses;
- b. **Accommodation Expenses:** Hotel accommodation costs during business trips, including room charges and reasonable incidental fees (such as breakfast, parking,

internet, etc.). Accommodation expenses shall be calculated in aggregate;

- c. **Meal Expenses:** Work-related meal costs during business trips, including weekday lunches, business entertainment meals, and approved team meals;
- d. **Communication Expenses:** International long-distance calls, roaming charges, and other communication costs incurred for official business during travel.

Article 5

Entertainment expenses refer to meal and related costs incurred for entertaining clients, partners, or organizing internal team activities as required by business needs. Specifically, these include:

- a. **Business Entertainment Meals:** Meal expenses arising from client visits, partnership negotiations, project exchanges, and other business needs;
- b. **Internal Team Meals:** Collective dining activities organized for cross-departmental collaboration, project reviews, team building, and other work-related purposes. The reimbursement limit for internal team meals shall be calculated based on the limit applicable to the highest-level participant in the team building activity. Internal team meals must have a clear business background and approval records;
- c. **Event Venue Expenses:** Costs for renting venues for meetings, training sessions, team activities, and other events.

Article 6

The following expenses are **not** reimbursable under this Policy:

- a. Personal entertainment or leisure-related expenditures;
- b. Excess expenditures without prior approval;
- c. Expenses for which compliant receipts cannot be provided;
- d. Personal expenses not directly related to official business activities.

Chapter III Reimbursement Process

Article 7

Reimbursement of travel and entertainment expenses shall follow the standard procedures outlined below:

- a. **Before Expense Incurrence:** The applicant shall complete the *Expense Application Form*, specifying the purpose, budget, and participants, and obtain approval from the Department Head before proceeding;

- b. **During Expense Incurrence:** The applicant shall safely retain all original compliant receipts, ensuring that the receipt information is complete and legible;
- c. **Expense Reimbursement Submission:** Within 15 working days after the expense is incurred, the applicant shall complete the *Expense Reimbursement Form*, attach the original compliant receipts and necessary background documentation, and submit to the Department Head;
- d. **Department Head Review:** The Department Head shall complete the review within 3 working days, verifying the authenticity, rationality, and compliance of the expenses, sign the review comments, and forward to the Finance Department;
- e. **Finance Department Review:** The Finance Department shall complete the review of receipt compliance, amount verification, and budget checks within 5 working days. Reimbursement applications that do not meet the requirements shall be returned with an explanation;
- f. **Reimbursement Payment:** For approved reimbursement applications, the Finance Department shall complete payment to the applicant's designated account within 3 working days.

Article 8

For expenses incurred by multiple persons (such as team meals, shared transportation, etc.), one person may submit the reimbursement on behalf of the group. The list of participants must be attached. Multiple expenses may be combined for reimbursement; the specific amount shall be based on the actual compliant receipts.

Chapter IV Receipt Requirements

Article 9

Acceptable types of reimbursement receipts include:

- a. Official invoices supervised by tax authorities (including electronic invoices);
- b. Certified merchant printed receipts (including POS-printed transaction details);
- c. Electronic tickets or confirmation vouchers issued by legitimate hotels, airlines, railway companies, etc.;
- d. Computer-printed bills containing the merchant name, transaction date, itemized details, and amount.

Article 10

The following receipt types will **not** be accepted:

- a. Handwritten bills or handwritten receipts;
- b. Receipts with incomplete information, illegible content, or alterations;
- c. Receipts obtained through non-official channels;
- d. Receipts that are clearly inconsistent with the reimbursement matter.

Article 11

All receipts must be originals. Electronic receipts must be accompanied by verifiable electronic credentials. The transaction date, merchant information, and amount on the receipt must be consistent with the reimbursement application.

Chapter V Approval Authority

Article 12

Expense reimbursement approval authority is as follows:

- a. Single expense not exceeding HKD 2,000: Approved by the Department Manager;
- b. Single expense from HKD 2,001 to HKD 10,000: Approved by the Department Director;
- c. Single expense exceeding HKD 10,000: Approved by the Deputy General Manager in charge.

Article 13

For expenses arising from cross-departmental collaboration, the leading department shall submit the reimbursement application in a unified manner. The cost allocation plan shall be determined through inter-departmental consultation and filed with the Finance Department for record.

Chapter VI Authenticity Supporting Documents

Article 14

When submitting a reimbursement application, the applicant shall provide the following authenticity supporting documents according to the nature of the expense:

- a. **Travel Expenses:** Business trip approval form, itinerary, meeting invitation, or work notice;
- b. **Business Entertainment Expenses:** Client visit records, meeting minutes of partnership negotiations, business background explanation;

- c. **Internal Team Meal Expenses:** Team activity approval form, list of participants, activity background explanation or meeting minutes;
- d. **Meeting and Training Expenses:** Meeting notice, training plan, attendance sheet.

Article 15

Authenticity supporting documents shall be consistent with the project background materials and shall adequately demonstrate the business necessity of the expense. The Finance Department reserves the right to request the applicant to provide additional supporting documents.

Chapter VII Supplementary Provisions

Article 16

This Policy is interpreted and revised by the Finance Department.

Article 17

This Policy shall take effect on January 1, 2025. The previous *Travel and Expense Reimbursement Management Regulations* (V2.5) is hereby abolished simultaneously.
