Office Equipment and Supplies Procurement Reimbursement Management Policy

Document No.: FIN-POL-2012-008 **Effective Date:** June 1, 2012 **Scope:** All Employees of BrightPath Solutions Inc. **Governing Departments:** Finance Department, Administration Department

Chapter I General Provisions

Article 1 This Policy is formulated to standardize the procurement and reimbursement management of office equipment and daily consumables, improve procurement efficiency, and control administrative costs.

Article 2 The office equipment and consumables referred to in this Policy include but are not limited to: computers and peripherals, printers and consumables, office furniture, stationery supplies, cleaning supplies, office area maintenance materials, and other daily office necessities.

Article 3 The procurement of office equipment and consumables shall follow the principles of "procurement based on actual needs, centralized management, and diligent cost-saving."

Chapter II Procurement Management

Article 4 Daily office consumables (such as printing paper, ink cartridges, stationery, etc.) shall be procured uniformly by the Administration Department. Each department shall submit monthly requirement lists, which the Administration Department will consolidate for centralized ordering.

Article 5 For single procurement of office consumables under \$500, approval by the Administration Department Manager is required; for single procurement between \$500 and \$2,000, review by the Administration Department Head followed by approval by the Vice President in charge is required; for single procurement exceeding \$2,000, review by both the Administration Department Head and the Vice President in charge followed by approval by the Chief Financial Officer is required.

Article 6 For office equipment procurement, the using department must submit an "Office Equipment Procurement Application Form," which after confirmation by signature of the Department Head, shall be forwarded to the Administration Department for procurement execution. Equipment with unit price exceeding \$1,000 must be included in fixed asset management.

Chapter III Reimbursement Process

Article 7 The reimbursement process for office equipment and consumables is as follows:

1. After procurement is completed, the procurement executor shall organize all invoices and payment vouchers and complete the Expense Reimbursement Application Form.
2. Reimbursement materials, after review and signature by the Administration Department Head, shall be submitted to the Finance Department for re-verification.
3. After approval by the Finance Department, reimbursement payment will be made within ten working days.

Article 8 Reimbursement materials shall include: Expense Reimbursement Application Form, original invoices, Procurement Approval Form (if applicable), and Acceptance Confirmation Form.

Chapter IV Invoice Requirements

Article 9 All procurement invoices must be formal commercial invoices with the company's full name as the payee, and the contents shall be consistent with the actual purchased items. Handwritten receipts, personal consumption vouchers, and other informal documents are not accepted.

Article 10 Office equipment invoices must indicate the equipment model and serial number (if applicable) for inclusion in the fixed asset management ledger.

Chapter V Other Matters

Article 11 Each department shall reasonably control the usage of office consumables to avoid waste. The Administration Department shall consolidate consumables usage by department on a quarterly basis and investigate any abnormal consumption.

Article 12 Personal use office supplies (such as pens, notebooks, etc.) shall be distributed by the Administration Department according to standard allocations; amounts exceeding the standard shall be borne by the individual.

Chapter VI Supplementary Provisions

Article 13 This Policy shall be interpreted jointly by the Administration Department and the Finance Department.

Article 14 This Policy shall take effect on June 1, 2012.
