

Notice on Overtime Meals and Support for Brownsville Research Site (April 2016)

To support the intensive data collection phase of the "Regional Environmental Impact Study," the Administrative Office has authorized meal support for personnel working overtime at the Brownsville site during April 2016. The following guidelines apply:

Administrative staff are instructed to record all on-duty personnel during the April 2016 sprint. Project leads are authorized to arrange for local meal support in Brownsville based on the actual number of staff present to maintain workflow efficiency.

Only after 20:00's meal consumption can be reimbursed

1. All procurement and reimbursement claims must correspond to the April 2016 work cycle. Consumption must occur within the city of Brownsville.
2. Every overtime meal must be logged in the "Administrative Overtime Log" to ensure accountability.
3. Reimbursement requests must be submitted with valid receipts matching the dates recorded in the overtime log.
